B073

As a woman who loves to present her naked ass to her lover and enjoy the exquisite delights of having a stiff dick in her ass, I feel qualified to extol the virtues of rear-end sex. I discovered in my early teens that it can be more satisfying and fulfilling than any form of cock-in-pussy sex, and that most virile males consider it to be the ultimate sexual turn-on, even more thrilling than a blowjob.

ACT OF LOVE

To me, anal sex is a genuine act of love and the biggest compliment a man can pay a woman: To penetrate with his cock her tight and sensitive rosebud located so perfectly in the very center of the cleft between her tempting butt cheeks. The asshole is the queen of all womanly orifices, the most intimate and most prized in the minds of men who yearn to possess and love their women completely and without shame.

This shame aspect of anal sex still prevails for some, but enlightenment is dawning. There is a liberated attitude toward the “Greek” approach. More and more men and women are trying it and liking it, offering mutual cooperation and consent in place of what was all too often an uncompromising masculine force only a decade or two ago.

Under this morality, a growing number of men and

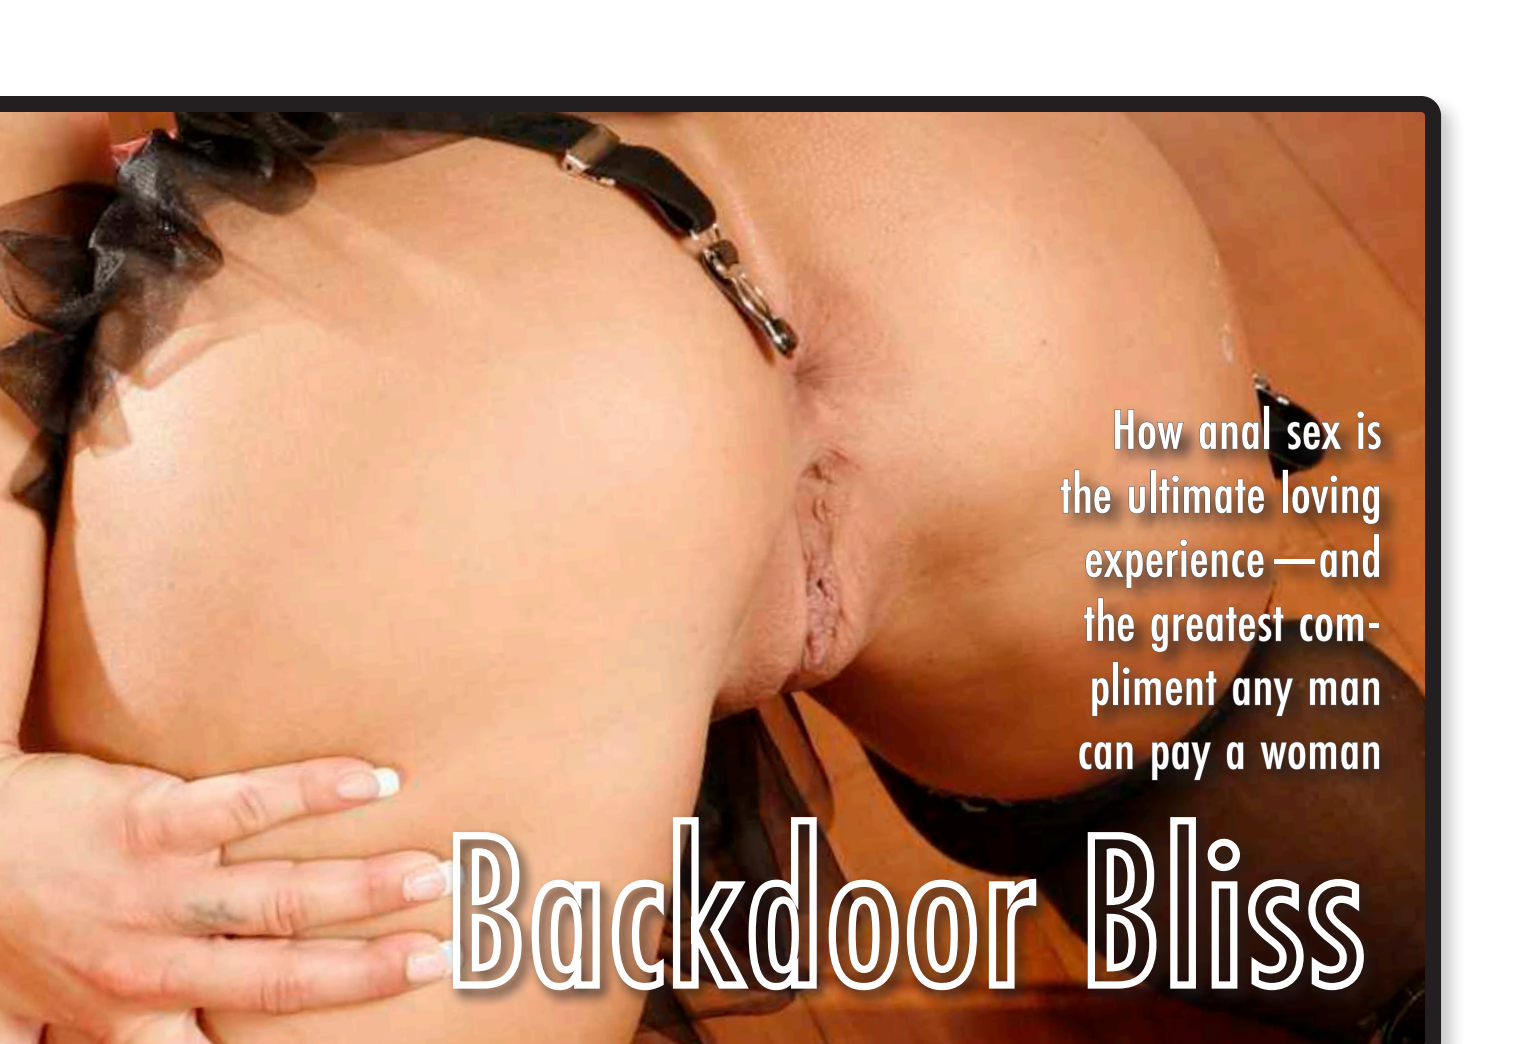

women no longer believe that anal sex is sinful, unnatural and unhealthy. Women are aroused by the thought of having their asses penetrated by the men they love. Men dream of doing it to their women, and these days they openly suggest and initiate it but rarely use force.

A persistent hang-up about this practice is what to do about body waste. The anus is the outlet of the rectum, and if the rectum happens to be full, penetration can result in undesirable problems. The solution is for the woman to have an enema and a bath with her lover before presenting her ass to him for sex. This not only ensures that she is clean inside; it also eliminates the chance that she will suffer pain if shit is pushed back into her lower intestine by a guy’s cock.

Pain for the woman is a distinct possibility in other ways when anal sex is being practiced for the first time and, perhaps, the first few times. The man has to be tender, careful, considerate and unhurried. Ramming his dick with one mighty thrust but no preliminaries into his partner’s tightly closed butthole is not going to enhance his stature as an expert lover. It’s more likely to result in his partner screaming in anguish.

In the Beginning

S-L-0-W-L-Y does it with ass play, and a man shouldn’t even apply a lubricated finger to the girl’s asshole until he has tenderly led her through all the conven-

Backdoor Bliss

tional love-play joys and has built up her sexual desires to the max. These joys include mutual touching, embracing, French kissing, sucking, squeezing, and stripping, leading to lengthy sessions of finger-fucking, oral sex and conventional fucking in various thrilling positions.

When both partners are hot as pistols and eager for the ultimate, the woman should lubricate the man's rod liberally. She should then present her naked ass to him with her legs wide, her butt up and her fingers parting her asshole so that he has an unobstructed view. Ever so gently he should touch her asshole with the greased tip of his dick and spread the oil around, replenishing the lubricant on the head of his cock as he carefully massages the entrance to her ass.

A couple of minutes of this technique should relax her anus muscles sufficiently to allow him to get one well-lubricated finger inside, so that he can massage the anus walls. Needless to say, the man's fingernails should not be long or ragged. If they are, cut them short. There is no need to insert more than one finger while attempting to widen her anus. The anal sphincter muscles are very strong and they will close the opening—no matter how many fingers are used—after the fingers have been removed. The goal is to lubricate the entrance so that it will open when the finger or the cock is pressed into it.

Next, the man can try pushing into the asshole with

his freshly lubricated cock, holding on to his partner's hips or finger-fucking her with the digits of one hand inside her cunt and stimulating her clit.

At this point the anal sphincter muscles will clench the cock automatically and the woman will have to tighten and relax deliberately several times before complete penetration is achieved. Massaging the woman's lower spine with one hand while entering her butthole helps her to relax.

Gradually the man inserts the entire length of his dick into her asshole, and the strong sphincter muscles then tighten exquisitely around his cockhead as he begins to thrust in and out. Once the ass has been penetrated, most women can take in the longest dick with little discomfort, as long as the strokes aren't unduly forceful or abrupt.

While penetration and thrusting are going on, the woman should reach back between her legs and caress the man's balls, thus increasing the mounting pleasure he feels flowing through his entire genital region.

PRACTICE

Like anything else, practice makes perfect, and practice in private is possible for a woman if she buys a dildo. After greasing it up, she can take her time as she practices inserting it in her ass. She can teach her-

self how to relax the sphincter muscles so that the dildo slides in and is gripped again. After several tries of using a dildo to stimulate her clit, most women can make themselves expertly prepared for anal sex. Yet they can truthfully point out to their lovers that no other man's cock has shafted them from behind.

ANAL TECHNIQUES

Rimming, or oral-anal contact, can also help relax a woman's worries during first-time anal penetration. This involves licking the asshole, sucking it and even penetrating it with the tongue. The anus, like the vagina, is very sensitive to such mouth-tongue contact. Its tissues and muscles readily respond to being massaged by a finger, a tongue, the lips, a vibrator, or by a dick as it penetrates and moves within the anal canal. In fact, there are some women for whom the whole anal region—including the inner cheeks of the buttocks—is so sensitively erogenous that masturbation of the anus alone produces an orgasm.

Sex experts have suggested that this may be the explanation behind a woman's craving to have her bottom spanked. Perhaps it is simply a desire—conscious or not—to be penetrated anally. Anal sex stimulates the whole area around their ass and between their legs, and when a woman pleads “Smack my butt,” she really means “Stick it up my ass!”

As for men, experienced girls know that pressing her finger into her man's ass prior to his ejaculation strongly intensifies his pleasure. A piece of ice inserted into a man's anus just as he is about to come, gives even better results.

And still speaking of men and the pleasures of ass-fucking, guys are fascinated by women with lush but-

tocks and rosebud-tight anuses. The original can-can dancers of France drew record crowds to their performances because in the finale they always threw their skirts up over their naked ass cheeks, exposing to the entire audience their bare butts and assholes.

THE APPEAL OF ASSES

Anthropologists have long pointed out that all of man's nearest ancestors, in the animal world, show their asses when mating is about to occur. The females do this for an obvious reason: The male mounts the female from behind when they fuck. What the mate ape sees when he approaches a sexually excited female is a pair of buttocks and a nice slit in between, crowned by the anal opening. And nature has made this setup practically irresistible.

A bizarre theory that we mention only in passing claims that when humans evolved to standing on two legs, the breasts enlarged to become imitation ass cheeks and the lips became fatter and pinker to imitate the cunt lips. So when a man looks at the top half of a woman he is really looking at a false bottom and a strong sex signal is transmitted to him.

Obviously, people who haven't tried anal sex because of fear or distaste are behaving unnaturally, according to nature. Nor do they know what passionate

delights they are missing. One dedicated ass-man, who sent me a letter of appreciation and thanks after we had enjoyed wonderful anal sex together, expressed it most appropriately. “There is no form of sex as exciting for a dude as anal sex,” he wrote. “To look down on a nice ass, to hold the cheeks in your hands, the moment of truth occurs when guys sticks his dick gently in, feeling the sphincter muscles grip and then relax. Slowly watching the length of my cock disappearing, watching

the asshole stretching, feeling the silk-like soft tightness of the anal walls, feeling that grip on the whole length of the penis... that is a pleasure no other form of sex can produce.”

As an enthusiastic sex buff myself, I can confirm what my correspondent says about enjoyment and my intense orgasm, but any couple trying it for the first time has got to persevere. During my teens my first boyfriend and I learned all about anal sex but were reluctant to try it because it all seemed so unnatural and weird. However, after discussing it and agreeing that we should abandon it if it proved to be painful or distressing to either party, we finally decided to try it. Making liberal use of sex lube and prodded on by lots of pent-up desire, our hang ups melted away.

After lots of careful finger penetration and a massage, he began pushing his tool in. It took him three minutes to get it in, and it hurt a bit at first, but all the time he kept massaging my clit—which always did give me plenty of sex joys and on this occasion tended to mask the first-time discomfort.

It felt fantastic, once his dick had inched its way right up my asshole. In fact, I was genuinely surprised at the great sensuality of it all, once we had cleared the first hurdle of penetration. Slowly at first, then more rapidly, he began to ram his cock in and out rhythmically, and oh, what sweet agony! I was actually begging for more by the time he had poked it in and out for a couple of minutes, because by then it didn't even hurt.

All I could think about was his big dick up my ass and three fingers in my cunt, with everything moving in and out at the same time. I came off before he did, but he was so hot that his orgasm soaked my entire ass in his milky cum.

Since then we've been ass-fucking regularly and our only regret is that we didn't discover the pleasures of this unique pastime before. The very next day I went out and bought my guy a nice sexy dildo so that he too could enjoy a really good ass-fuck, with me on the delivering end.

POSITIONS

After trying various rear-entry positions, we decided that the “bicycle” and the “doggie” positions are two of the best for ass-fucking. In the first the woman lies on her back and drapes her knees over her kneeling partner's shoulders. In the doggie position the woman receives the cock up her ass while on her hands and knees. Both positions tend to open up the asshole for easier entry.

THE BOTTOM LINE

Anal sex, once indulged in, has for many become the preferred practice. And don't forget that it has the built-in feature of positive birth control, without pills or contraceptives.

For couples who don't like to go all the way on the oral free-way to the sometimes messy conclusion of a blowjob or cunt licking, or both, anal sex undoubtedly offers the best solution.

Once mastered, it fulfills a couple's sexual needs adequately without risking pregnancy or choking from giving a blowjob. Even though it may

still be considered taboo by society in general, it can be just as much fun than conventional fucking or mutual masturbation by mouth or by hand. That is to say – at least I think so.

In my experienced opinion, the principle guideline among liberated lovers should be: anal sex is normal and acceptable. Loving couples should, so to speak, “press on” with it and enjoy!

LUST IN THE AFTERNOON

I would struggle with my grades while in college. This upset me because I really tried. It's not that, I just didn't get some of the subject matter. That's when I discovered that sex made me feel better and smarter, especially in the afternoon and helped clear my mind.

Oral Examination

No sooner had Dr. Harding unzipped my trousers than her colleague had pulled them down.

“—well—er—” I stammered.

Sitting there at the conference table, I felt the heat rush to my face. I sounded like a blabbering idiot instead of a candidate for a master’s degree in English Literature. Dr. Chaney, the lone male on my three-person examination committee, had given no quarter with his latest question.

My mind was blank.

And this wasn’t the first time.

Thus far, the oral exam—the final hurdle separating me from my M.A.—hadn’t gone worth a damn; lots of silence on my part, and that was a very bad thing. I should’ve been doing most of the talking, wowing the committee with the breadth and depth of my knowledge.

Unfortunately this wasn’t the case.

I was choking with a capital C.

“—um—,” I hemmed and hawed, too embarrassed to make eye contact with the esteemed academicians seated on the other side of the table.

Come on, man! Get it together! You’re blowing it!

Failing at this stage in my educational journey would have been a cataclysmic tragedy. I had invested so much time, energy, and money. But failure had suddenly become a very real possibility . . .

I shifted nervously in my chair, wracking my foggy brain for some sort of response. Chaney sighed with impatience. The silence in the room was a palpable thing, a mute elephant attesting to my struggle.

“Why don’t we take a break,” Dr. Pauley remarked.

Dr. Chaney frowned. “A break? That’s highly unusual.”

“But warranted,” she replied.

The attractive auburn-haired professor regarded me with a warm smile. “I think Mr. Franks is just nervous. A short intermission would do him a world of good. He could take a few deep breaths and gather his thoughts.”

Dr. Chaney shook his head. “No—”

“I agree,” Dr. Harding interrupted her male colleague. “A break sounds like a splendid idea.”

Of course I was in total agreement with the two female professors. A brief respite would allow me to compose myself, recharge, and return to the conference room a new man. Mine was simply a case of the jitters. Surely Dr. Chaney could bring himself to sympathize with my plight.

“All right,” he said, clearly annoyed by the turn of events. “If we must . . .”

I was dismissed and told to return in fifteen minutes. Plenty of time, I thought, to go to the restroom and splash some cold water on my face . . .

And that’s exactly what I was doing when I heard the door to the men’s room swing open behind me. At first I thought it was Dr. Chaney coming to take a whiz. But no. A glance in the mirror above the sink revealed professors Pauley and Harding.

My face still wet, I turned to face them. “I believe you two have the wrong—”

“Oh no,” Dr. Pauley cut me off. “We know exactly where we are . . .”

“The men’s room,” Dr. Harding commented. “And we have it all to ourselves.”

On the floor was a small wooden wedge the custodian used to prop the door open when mopping. Dr. Harding kicked the wedge into place, making it next to impossible to open the door from the outside.

“We’re here,” Dr. Pauley said, “to help you relax.”

Before I knew it the two of them had crouched before me. No sooner had Dr. Harding unzipped my trousers than her colleague had pulled them down. I was dumbfounded.

I stood there in disbelief, leaning against the sink as they went to work on my stiffened cock.

Dr. Harding took care of my ball bag, sucking and nibbling on my nuts; this while Dr. Pauley licked my shaft. Of course the licking was just a pre-

lude; it wasn't long before she devoured me in earnest.

Pumping her head with increasing speed, she moaned and groaned around my cock. I felt the tension drain from my body and mind. A short intermission would do him a world of good, she had said in the conference room. Truer words had never been spoken!

Moments later she switched to my balls while Dr. Harding commenced to sucking my dick. The auburn-haired hottie licked my sack with the same slutty skill she had used on my rod. And Dr. Harding was certainly no slouch in the dick sucking department. She gobbled me greedily, moving her head in a speedy herky-jerky motion.

"Oh shit," I said, tipping them to my forthcoming release.

Professors Pauley and Harding withdrew from my crotch and presented their patrician faces for my load. I let them have it. And then some! By the time I had emptied my balls they were coated with spunk.

"Hot and sticky," Dr. Pauley said.

Dr. Harding flashed a lewd smile. "Good for the complexion . . ."

They cleaned up and exited the men's room. As for me—well, I returned to the conference room completely relaxed and free of tension. All this to say that I aced my oral exam with flying colors.

Or, more appropriately, flying cum!

Wet In The Shower

Moara awakened me with the brush of a hard nipple of her breast grazing me across the face as she climbed over me. I knew she had to shower before she left for work, but I wanted to fuck her like we did the night before. But this morning we didn't have time, so I could only admire her round ass jiggle as she walked out of the room naked. After a few minutes I got out of bed as well. I pulled on my

shirt and boxers anyway, and headed to the bathroom to use the toilet.

I heard the water of the shower pouring down as I approached the bathroom. I thought now I might get some action this morning after all. I opened the door and pulled down my boxers relieving my bladder of its pressure. After I finished, I pulled aside the shower curtain and climbed in.

The water sprayed me in the face and I couldn't see for a second, but I heard a female gasp behind me. I turned around, wiping the water out of my eyes and opened them to see the dripping naked body of Moara's best friend, Kellie. I stared at her for a good five seconds before realizing what I was doing, and immediately averted my eyes.

"Wow, Kellie! I'm so, so sorry. I thought it was

Moara in here."

I was cut off by a finger pressed to my lips, telling me to shush. Her gaze went down my body. I realized that her line of vision had stopped right at my cock, which was standing at full attention from being so close to this hot babe's naked body. Kellie took a step closer, and gave me a small kiss on the lips.

"I know you didn't mean to walk in on me Gary, but now that you're here, you could stay for a little bit, couldn't you?" she said softly.

I wasn't sure what to do. I loved Moara, but here was her hot best friend; naked, wet, and asking me to stay. I just looked at her. Kellie then wrapped her arms around my neck, kissing me more forcefully this time. I couldn't help myself as I reached around and grabbed a handful of her firm, round butt cheek. Kellie pulled back from the kiss, a sly smirk on her face. I smiled back, giving her ass another squeeze. Then she dropped down to her knees, grabbed hold of my cock as she wrapped her hot, wet lips around it.

Once her tongue reached the base, she started slowly retracting her mouth, running it along the underside of my cock. As she sped up, she swirled her tongue over the head and jerking my cock with her hand. After several

minutes of this, I was close to busting a load. I was about to tell her to stop but then she grabbed onto my ass and pulled my cock all the way down her throat. That's when I lost it and shot pearly strands of cum straight down her throat, which she swallowed heartily.

Now it's my turn, so I pull her up, lowered myself, and kissed her right on her pussy and flicked her clit with my tongue. I tongue fucked her for a few minutes, then shoved two fingers into her pussy as I sucked on her clit. I worked my fingers in and out of her until she was gasping again.

I knew she was close, so I carefully positioned my fingers inside of her and began pressing on her g-spot as I continuously flicked her clit with my tongue. Kellie grabbed me by my wet hair and shoved my face deeper into her pussy. Her wet, naked body tensed up, and she bit on her fist to stifle her moans as wave after wave of pleasure wracked through her.

I stood up and brushed her cheek. She was having trouble standing from her climax, but I held her up and looked into her eyes. Without a word, she turned around and bent over. She turned her head to look at me, and her eyes begged for me to fuck her. I stared at her marvelous, round ass for a moment. I smirked, and gave her a quick smack on her ass. I thanked her for the tryst and told her I have to go, but I'll meet her here again tomorrow morning. She slapped my ass as I stepped out of the warm shower.

You Can Leave Your Specs On

In today's sensory overloaded world, there are many stimulations. But for me... it's glasses. Eyeglasses. I think women with glasses are sexy as hell. Some guys go for big boobs and some go for big round asses. Some go for a well shaped leg, while some are hooked on long hair or a sexy voice. Some guys are foot fe-

tishists and some are even attracted by a good personality. Me I'm a glasses guy. I'd rather fuck a plain, skinny, nondescript girl with an attractive pair of glasses than the most gorgeous, voluptuous, seductive female with 20/20 vision. Or even worse contacts.

Unfortunately, one problem I frequently encounter is the difficulty of getting a woman to wear her eyeglasses in bed. No matter how much I beg, plead and cajole, I find that most women resist the idea. They say they are afraid their glasses will be damaged or broken in the throes of passion.

Glasses, like girls come in all shapes, sizes and colors. Plain or fancy, round or square, wire-rimmed, horn-rimmed or with no rims at all, they are endlessly fascinating.

And arousing. A well-crafted pair of glasses will give me a hard-on any time. And they invariably make their wearer an object of instant lust.

They are afraid that a man will be turned off by the sight of their bespectacled face while engaged in sexual congress. In my case, just the opposite is true. Far too often I've found myself aroused and stimulated while making out with a woman, feeling the gentle touch of her glasses against my face as I kiss her sweet mouth, slowly stripping her of all her clothing until her spectacles are her only adornment; and then as we lie down together to culminate our passion, the lady will remove her glasses and set them aside.

Instantly I feel my passion dying, my hard-on diminishing, my lust turning to disappointment. No matter much her naked body turns me on, the sight of her naked face turns me off again. It is at that point that I plead with her to put her lovely spectacles back on; but nine times out of ten this request is met with puzzlement, resentment or even downright hostility, and the mood is fatally broken for both of us. After all, it's not really a big deal. So girls keep your glasses on for us men that adore them.

— Matt K., Louisville KY
